Planners Acts Get Council OK

Two decisions previously handed down by the Campbell Planning Commission and before the City Council on appeals were sustained by the City Fathers on Monday night. But it was touch and go in one instance.

Because it takes a four-fifths vote to override an action by the City Planners, the City Council officially "approved" the action of the Planners which denied a use permit for a trailer park at 186 Dillon Ave., although three of the councilmen favored the issuance of the permit.

The Councilmen, on the other hand, upheld the action of the Planners by an unanimous vote in the other appeal before them. In this instance a use permit had been granted the G & P Equipment Rental Co. to operate their firm at 473 N. San Jose-Los Gatos Road and A. S. Goulding, 361 N. San Jose-Los Gatos Road, owner of neighboring residential property, had appealed the action.

Both appeals had been pending before the Council for some time and had been continued from previous meetings.

Councilman Richard Morton led the successful fight to uphold the Planners on the trailer court question. Morton maintained that decisions of the Planning Commission should be upheld unless it could be shown that authority had been abused. Councilman Charles Rose sided with Morton in upholding the Planners.

Councilman Myron L. Fairchild headed the majority faction. It was his motion that "carried" by a 3 to 2 vote but still lost. Fairchild felt that the economic advantage to the applicant should be considered in these matters, if other things were equal.

Mayor John M. Chargin and Councilman Charles Schmidt voted with Fairchild on the moion to override the Planners.

In the equipment rental case, the question had been raised previously whether the Planning Commission was within its rights to issue a use permit in the face of the accusation of Goulding that excessive dust and noise were raised by the firm.

The Council agreed unanimously that noise, odor and dust did not exist by the strict interpretation of the ordinance under which the use permit could be granted, the Planners acted within their authority. A ruling by City Attorney Joseph Bonacina also affirmed this stand.

Eight Bands Play Tonight

Campbell High School band, under the direction of Bill Perkins will present three numbers tonight in the 11th annual Santa Clara County Band Festival in the San Jose Civic auditorium.

Called "Band-O-Rama", the eight bands, composed of more than 500 musicians will take part in the festival which gets under way at 8:15 p.m.

Each band performs individually during the show with a finale of two numbers participated in by the mass bands. The Campbell band will play "The Black Knight", by Grundman; "Maeguena" by Lecuona and "Marche Poco" by Moore.

Roger Muzzy, from San Jose State College, will be the guest director and adjudicator.

There is no admission to the festival.

Car Strikes Student On Winchester Road

Gerald Gardner, 14, 475 E. Hamilton Ave., was struck Wednesday afternoon by a car driven by Dennis Carroll Day, 18, 12842 Lantana Drive, Saratoga, while crossing the street in front of the Campbell High School district administration building on Winchester Road.

According to the police report, Gerald, who was on his way home from school, was carried about eight feet on the bumper of the car after being hit. He was taken to O'Connor Hospital where the extent of his injuries were not yet determined by press time. The police cited the driver of the car for excessive speed.

On The Line in Campbell

William Hill, of the Campbell branch of American Trust Company, was recently elected to a three-year term as a member of the board of Governors of the Santa Clara chapter, American Institute of Banking. Ruth Bates, also with the Campbell office of the American Trust was appointed to serve as chairman of the women's committee for the coming year. Mrs. Kay Harvey, American Trust, San Jose, is president of the chapter.

—o—

O. J. Griswold, 591 Kenneth Ave., Campbell, is listed as a director of Garrison Bros. Inc., a firm formed to construct and rent residential and commercial properties, according to the office of the California secretary of state.

Residents between Los Gatos and Saratoga on Tuesday voted to incorporate the new city of Monte Sereno (Peaceful Mountain), the 16th city in the county. The vote was 339 "yes" and 256 "no".

—o—

Merv Willoughby, 204 Hardy Ave., Campbell and president of the Campbell Rotary Club, has qualified as a member of the 1956 Top Club of the New York Life Insurance Company, according to Dale W. Hansen, CLU, general manager of the company's San Jose office. Willoughby has qualified to attend an educational conference in Chandler, Arizona, April 25-28. Membership in the Top Club is based on outstanding 1956 sales records and is composed of the most successful agents among the field force of 6000 full-time agents.

Planners Worry Over Zone Change Requests

Commission Deadlocks

To zone change or not to zone change was the perplexing question Thursday night that caused the Planning Commission to deadlock with a 3 to 3 vote, an unusual happenstance for that body.

Although they were unable to reach a decision on two controversial zone-change matters indirectly affecting residents of Sunberry Drive, City Planners implied they would definitely make up their minds at their next meeting, May 2.

At that time Commissioners Les Harmon and Richard Salice, appointed by Chairman Sam O'Brien to study the question, will report their findings to their fellow members.

Two Parcels

[illegible]one-change applications [illegible] property owned by Philip Sondeno on Sunberry Drive at Kamson Way and a proposed development of property owned by J. M. Dahl and S. Prestigiacomo extending from Winchester Road on both sides of the projected Hamilton Ave. and adjoining the Sunberry Gardens tract.

Sondeno wishes to change the present residential zoning of four lots on Sunberry Drive to multiple dwelling while the Dahl-Prestigiacomo request involves a change to commercial zoning as well as multiple dwelling.

It was the second time that both zone-change requests had been before the Planning Commission and it marked the third time in a few weeks that residents of Sunberry Drive, who are protesting the changes, had appeared before an official city body.

The residents, led by Mrs. W. P. Mertsching 439 N. Sunberry Drive, and Dick Lee, 197 W. Ken Circle (just off Sunberry), claimed that a multiple dwelling zone on Sunberry would depreciate their single-family dwellings on the same street. The lots where Sunberry joins Hamilton are now zoned for multiple dwelling and Sondeno is seeking the same zoning for those that adjoin them just north of Kamson Way.

When the Sunberry residents made their first appearance before the Commission, the Planners delayed action until the City Council had acted on the Dahl - Prestigiacomo request

(Continued on page 2)

Commission Approves

In sharp contrast to the continued hassle over proposed zone-changes for the Philip Sondeno and J. M. Dahl-S. Prestigiacomo properties, three items on which public hearings were held last Thursday night by the Planning Commission were approved without a dissenting vote and sent on to the City Council for final action.

However, at the hearing concerning amendments to an ordinance that would allow 15-foot setbacks on streets instead of the now 25-feet Mr. and Mrs. William Bert Simmons, 400 Winchester Road, were present to voice opposition to the change.

Mr. and Mrs. Simmons whose property will be affected when Winchester Road is widened have protested any change in the setback requirement since the problem first arose. During the discussion on the Winchester Road plan line they also maintained that the extra width for the street should come off just one side. The plan adopted would take land equally from both.

Their protests Thursday, went for naught.

The Commissioners also approved at a hearing the request of City Councilman Charles Rose for a change in zone for property located at Latimer Ave. and Winchester Road. Fred Marburg, architect, described the proposed plans for the property that will include a shopping center, a professional building and multiple dwelling units at that location.

The other matter approved after a hearing was of the Campbell Water Co. for a use permit for a pump station on W. Campbell Ave. in the Los Ranchitos tract.

The Planners continued until their next meeting, approval of plans of William E. King who plans a 14-unit apartment building to be located at Harrison Ave. and Central. King, who was present earlier in the meeting, was taken ill and had to leave before his hequest came up on the agenda.

Also continued until the next meeting was approval of the tentative subdivision map of the Quito Rancho at Campbell Ave. and San Tomas Aquino Road.

The Planners also approved a $8,725 budget for 1957-58 which will be sent to the City Council.

Residents Learn More of Freeway

Councilman Myron L. Fairchild was the City of Compbell's official observer Tuesday night at the informational meeting conducted by the Division of Highways on the proposed alternate routes for the Junipero Serra freeway, the biggest highway development in Northern California History.

The meeting was held at the Camden High School and an estimated crowd of 700 inquisitive interested central and west Santa Clara Valley residents took peeks and pokes at the State's giant project.

Giant maps of the two routes were displayed. Although most residents did not openly oppose the idea of the freeway itself, the questions asked by many reflected that they were warried as to the possible deflation of property values as a result of the project.

Campbell itself is not directly affected by either route, as the City lies almost in the middle beween the two. Route A would pass on the north and Route B would go on the south.

A second such meeting will be held Monday, April 29, at Los Altos High School, center of an area, where the "anti-freeway" feeling is running high. Both routes cut through Los Altos.

Public hearings on the freeway are expected to be scheduled by the State starting on June 1.

BUNNIES FOR EASTER . . . Six Easter bunnies were awarded by the Sunshine Card and Toy Co., in the Campbell Shopping Center last Saturday just before Easter. Pictured are four of the lucky winners. In the back row Juanita Mason, on the left, 481 Milton Ave., holds another bunny prize.—Campbell Press photo.

Queen Candidates Await Starting Gun in Old Settlers' Day Race

Four queen candidates for Old Settlers Day were already in their corners impatiently awaiting final instructions this week as the 1957 queen contest waited the starting gun. There was a possibility also that two more candidates will be entered before the lady-like battle for the queenly honors "officially" begins.

The candidates for queen are scheduled to meet in the Chamber of Commerce office this Friday afternoon at 4 o'clock to get their "orders" (and incidentally tickets) from the brass of the 1957 Old Settlers Day committees.

Mrs. Naomi Hardison, chairman of the queen committee, and Mrs. Sarah Blue, assistant general chairman, are in charge of the details of the contest and have been instrumental in getting the various organizations to sponsor the girls.

Chosen By Ticket Sales

The queen for the 65th Annual Old Settlers Day will be chosen on the sale of tickets to the Footlighters play that will open the three-day celebration on Friday, May 17. A matinee performance will also be given by the Footlighters on Saturday afternoon, May 18.

Coronation ceremonies will take place at the play and the queen will receive a pearl necklace and a $50 wardrobe. One vote will be given for each dollar of tickets sold. Adult tickets will sell for one dollar and children for 50 cents. Runners-up in the queen contest will receive trophies.

Bobby Jo Little, Campbell High junior, sponsored by Theta Rho Girls Club, was the first to enter the contest. Her announcement was made last week.

Queen Entries

Entering this week were: Donna Silva, 15, sophomore at Camden High, daughter of Mr. and Mrs. Lawrence Silva, 15018 Bel Esou Drive, Cambrian Park She is sponsored by the Orchard City Grange and Blossom Valley Garden Club.

Lovelle De Bois, 17, senior at Campbell High, daughter of Mr. and Mrs. Wilbur De Bois, 18565 Bucknall Road, Saratoga, sponsored by Sno-White Drive-In, Campbell.

Joan Faulkner, 16, junior at Campbell High, daughter of Mr. and Mrs. Lawrence Faulkner, 214 W. Rosemary Lane, Campbell. She is sponsored by the Campbell Business and Professional Women's Club.

INJURED IN WRECK

Kenneth Ray Sweet, 18, 400 N. Sunberry Drive, Campbell, was seriously injured Saturday when his car skidded out of control and hit a power pole on Winchester Road near David Ave., north of Campbell. Passenger of the car with him was Charles Flannery, 15, Sunnyvale, who was also injured. Both boys were treated at O'Connor Hospital for fractured hips.

Campbell Schools Mark 'Week' with Special Programs

Schools of the Campbell Union School District are recognizing Public School Week with special activities to which the public has been especially invited, William C. Henley, superintendent, reported this week.

However, the superintendent added, "everyweek is in essence Public School Week in the schools of this district".

San Tomas, Rosemary, Hamilton and Dover schools completed their special programs this week.

Scheduled for next week are:

Sherman Oaks, (Monday) when the school will be dedicated and open house held from 7:30 to 9 p.m.

Cherry Lane, (Tuesday) open house and Home and School Club meeting from 7:30 to 8:30 p.m.

Quito School, (Wednesday) demonstration in each classroom, 9:30 a.m. to 11:30 a.m., open house, 6 to 7 p.m. and numbers by the orchestra and glee club from 7 to 8 p.m.

Cypress School, (Tuesday) open house, 7 to 8 p.m. and PTA meeting 8 to 9 p.m. The school carnival is also scheduled for May 3 from 5 to 9:30 p.m.

Moorpark School (Wednesday) open house, 7:30 to 8:30 p.m. including a program by instrumental students in the cafetorium.

The Campbell and Monroe Schools have scheduled their programs for Tuesday, May 7 when open houses will be held at both schools after the PTA meeting at Campbell and the Home and School Club at Monroe.

It's That Time Again . . . Clock Gains One Hour

It's that time again!

Everybody, except the sun, will proceed to turn his-her-their clocks AHEAD an hour this Sunday morning, April 28.

By this simple act, 1 a.m. becomes 2 a.m. just like that.

Under the state semi-annual time switch, termed officially Daylight Saving Time, we'll all be on schedule an hour ahead of the sun until the last Sunday in September when the clocks go back.

This clock-shift has the effect of adding daylight at the end of the day. Some like the idea. Some don't.

Bars and their patrons will be shortened an hour next Sunday morning in their time of service when the clock does the fast shuffle from 1 a.m. to 2 a.m., the official closing time for such establishments.

Farmers will have their usual tough time explaining the change to their cows. The cows probably join the farmers in their universal dislike for DST.

But late afternoon golfers are all for the system as are hobby gardeners and eating-outdoor people.

Both New York and Hollywood will flip over to DST so it won't affect radio or TV programs.

Mothers will have the usual hassle in getting the kids to bed while it is still light and cross-country trains will continue to use standard time. But commuter trains will use DST to confuse the situtation.

WANTED: A SIREN

Bill Morgan, Fred Jones and Bruce Gammon of the Campbell Fire Department, who are devoting much of their free time to the reconstructing of the town's original Model T fire engine, this week appealed to local residents for an old hand-crank siren that could be placed on the 1912 wagon.

Better yet they would like to locate one of the old sirens that was on the fire engine when it rolled to fires through the streets of town. The three local firemen are working hard to get the engine recreated in time for the Old Settlers Day parade, May 19.

Do You Want Them Back?

One of the most colorful units in last year's Old Settlers Day parade was the Chinese Girls Drum Corps and Majorettes from Old St. Mary's in San Francisco.

This snappy crowd-pleasing outfit would like to be a part of the parade again this year. There is only one thing, however, that is holding them back . . . MONEY. (Or rather lack of the same.)

A curtailed budget for this Old Settlers Day parade will not allow the expenditure by the parade committee of the $150 (bus fare and meals) that it will cost to bring these cute Chinese girls to Campbell.

The Campbell Press feels that this unit adds a great deal to our celebration and we would like to see the group join us again on May 19. We feel that there are many individuals and organizations that feel likewise.

For that reason The Press has underwritten the cost (approximately $150) to bring these cute girls back with the hope that other individuals or organizations would be interested enough to join us and thus ease somewhat our financial burden. (We don't want to be selfish about this thing)

If you want to help in this respect, stick your dough in an envelope and mail it either to Chamber of Commerce or The Campbell Press marked "Chinese Girls". We will see that proper credit will be given.

Local Students Compete in Bank Awards Program

Two Campbell High School seniors will be among the 37 seniors from high schools in this area who will compete today in the 1957 Bank of America Achievement Awards program. Arthur Hill will take part in science and mathematics field while Eugen Andres will compete in the liberal arts.

First, second and third place winners in each of four fields of study will be selected by a judging panel of five community leaders in today's two-zonal events, one for public schools in the San Jose area and another for private schools in San Francisco.

First-place winners will go on to the nine-county Bay Area finals in May in San Francisco. There they are assured of at least $100 and may gain as much as $1000.

Second and third place winners at the zone event receive $50 and $25 respectively.

Candidates in the fine arts field of study were scheduled to convene at 1 p.m. for interviews before the judging panel. Science and mathematics, liberal arts and vocational arts candidates were to follow at hourly intervals.

Selections are based on scholarship, extra-curricular work, community activities and promise of future service to society.

Council Awards David Avenue Sewer Contract

Campbell City Council accepted low bid of $4,632.00 of A. J. Peters Co., for the construction of the David Ave. storm sewer at Monday's meeting. Ruled on two appeals from action of the Planning Commission. (See separate story).

In other actions, the Council;

(1) Refered to W. L. (Bud) Morser, city building inspector, the request of the Campbell 4-H clubs to erect signs at the entrances of the town.

(2) Gave first reading to two annexation ordinances which would extend the industrial area of the town at the southern city limits.

(3) Told Pete Cristichi, who asked the Council whether high school students were allowed to park their vehicles on the streets, that students had the same rights as others in this respect but that the high school itself had certain restrictions in regard to parking.

(4) Accepted with appreciation the gift of the Business and Professional Women's Club of 20 folding chairs for the conference room. The BPW has been using this room as a meeting place.

(5) Set May 6 as public hearing dates for the application for zone changes of Bert Burda and Harry Smith.

(6) Approved the house moving permit of H. Kelly

(7) Referred the request by residents for a stop sign at Central Ave. and Gilman to the building inspector to see if the buildings at the corner met the city's requirements. The traffic engineer had previously ruled that the street did not require signs.

Letter Tells Why

Here are excerpts from the Rev. Joseph F. Troy, C.S.P. director of the Holy Family Chinese Mission informing Sam Cava, secretary-manager of the Campbell C. of C. why the Chinese girls Drum Corps would not appear in this year's Old Settlers Parade:

Dear Mr. Cava:

St. Mary's Chinese Girls Drum Corps is very eager to participate in the 65th Annual Old Settlers' Celebration Parade to be held on Sunday, May 19, 1957. However, as ours is a charitable organization, we have no funds for transportation to other cities.

Is it possible for some one to sponsor our girls in this parade? That is, to provide transportation from San Francisco to Campbell and return; also lunch for the Drum Corps, which is a group of about thirty-five. We would appreciate it greatly if you could obtain this sponsorship for us as otherwise we would not be able to participate.

There are approximately 360 billion board feet of timber standing in California.

which the Planners had previously approved. The Council, however, referred the Dahl-Prestigiacomo request back to the Planners after the Sunberry Drive residents had appeared before the Council. The Sunberry people even presented a map showing how they would like to see the area zoned.

Both Before Them

Thus the City Planners on Thursday night had both zone-change requests facing them. And it proved too big a chore for them to come up with an answer that would satisfy all parties.

The problem was further complicated at the meeting when Robert Tedesco, a San Jose attorney representing Prestigiacomo, explained that if his client would be expected to make all the improvements that the City had suggested, it would not be practical or economically feasible for Prestigiacomo to go through with his original plans. He, therefore, suggested withdrawing the request but later changed his mind and withdrew his request for withdrawal and asked for continuance instead.

On the other hand, Dahl, the second party to the request, was anxious that their request be approved as originally presented.

The question of what streets should or should not be cut through to Hamilton was also discussed as one compromise plan after another was presented.

Vote Continues It

The Commissioners finally unanimously voted to continue the matter until the next meeting on the motion of Homer Hyde who specified that a committee be apointed to study the matter. However, prior to the final vote the unique 3 o 3 deadlock (Commissioner Kenneth Priestley was absent) occurred on a previous motion by Commissioner Jim Tomlinson that the Dahl-Prestigiacomo request be denied. Tomlinson's motion almost died for want of a second with Hyde barely getting in uder the wire. Hyde, along with O'Brien had previously voted against closing the hearing, maintaining that there should be some changes made in the plans.

On the famous 3 to 3 deadlock, Harmon, Salice and Ted Solari voted against denying the request with Hyde, Tomlinson and O'Brien voting for the denial.

The vote to continue the Sondeno request was somewhat of an anti-climax to the evening's festivities with all the commissioners agreeing on it.

SEAL DRIVE CONTINUES

The Santa Clara County Easter Seal Campaign, which has a goal of $41,000 to be used on behalf of crippled children, will continue until the goal is achieved, Jay McCabe, widely known civic leader and County Campaign chairman, announced yesterday.

Contributions to the campaign has reached $33,659 or 82 per cent of goal this week.

George Washington was 57 years old when he was inaugurated president.

The Russian River was so named because of an early settlement of Russian seal hunters in its lower reaches.

Group Moves for Brooklyn "Switch"

Capitol News Service

Articles of incorporation to form the legal framework for a switch to Los Angeles of the franchise of the Brooklyn Dodgers baseball club have been filed with Secretary of State Frank M. Jordan.

Jordan said papers for the two corporations were filed by the Los Angeles law firm of Crider, Tilson and Ruppe. Joe Crider, Jr., is the attorney for Walter O'Malley, president of the Brooklyn Club.

One organization, formed to "manage a baseball club and park", is called the California Baseball Club, Inc. The other, the Dodgers Rookie Baseball Club, Inc., listed its aim as scouting for baseball players and developing them.

It was reported that filing of the incorporation articles did not mean a franchise switch at once but merely was for the purpose of setting up the legal organizations necessary if a transfer is to take place.

Expansion Forces Phone Company to Add New District

Campbell will be included in a new district now being established by the Pacific Telephone and Telegraph Co., it was announced this week by the company. The new district is necessary to meet the ever-expanding telephone service in the area.

In addition to Campbell the new district will include parts of the San Jose exchange, Sunnyvale, Saratoga, Cupertino, Mountain View and Los Altos.

Carl W. Stubenrauch will be the new district manager. Art F. Morie will be the new district plant superintendent. The district traffic superintendent will be Ray D. Schreiman and Ben Gardiner will be district construction and engineering superintendent.

The company said that the new organization will provide the administrative flexibility necessary to keep up with the area's growing telephone needs. As an illustration of this growth, the company pointed out that the number of telephones within the new district area has multiplied more than five times since the end of World War II. There are now some 68,000 telephones in the area concerned.

Carl Stubenrauch, sales manager, with headquarters in San Francisco, presently resides in San Jose. Art Morie, supervising plant service foreman in San Jose, resides in Los Altos and Ray Schreiman, traffic equipment engineer in San Francisco, resides in Palo Alto. Ben Gardiner, who is now district construction and engineering superintendent in San Mateo, presently resides in Redwood City.

Spring Concert Set for Friday

"Sentimental Rhapsody" is the theme of the annual Spring Concert to be presented by the music department of Campbell High School Friday, April 26 at 8 p.m. in the school auditorium.

Approximately 350 students will take part in the concert which will include classical and semi-popular selections by the 65-piece orchestra and a cappella choir under the direction of Frank Triena, and the glee club and band conducted by William Perkins.

Featured numbers will be "The Creation" sung by the choir, and a violin solo by Susan Prior, a freshman student.

Tickets are available from any music student or may be purchased at the door. Proceeds will go toward purchase of choir robes, band uniforms and other expenses of the music department.

Bill Means and Family Vacation at Disneyland

Bill Means, co-owner of Campbell Drugs, his wife and daughter Marilyn returned a few days ago from a trip to Disneyland where they report they had a marvelous time.

Bill said they met Walt Disney feeding ducks at the pond one morning and found him to be a most congenial person. After riding all but two concessions in the park, they went to see the rehearsal of Lawrence Welk's Saturday night show and daughter Marilyn had a dance with Welk himself.

THREE-DAY OPEN HOUSE ....

A three-day open house will be held at San Jose State College May 9, 10, and 11 as a part of the Centennial Festival marking the 100th anniversary of the college. All departments of the college will be open to visitors on the three days and in many departments spectacular demonstrations will be held.

RESOLUTION NO. 13283

RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE GIVING NOTICE OF THE PROPOSED ANNEXATION OF CERTAIN UNINHABITED TERRITORY TO SAID CITY; DESCRIBING SAID TERRITORY AND DESIGNATING IT BY THE NAME MONTEREY PARK NO. 11A; MAKING CERTAIN FINDINGS RESPECTING SAID PROPOSAL; AND GIVING NOTICE OF TIME AND PLACE SAID COUNCIL WILL HEAR PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:

WHEREAS, on the 8th day of April, 1957, there was filed with the Council of the City of San Jose a petition requesting the annexation to the City of San Jose of all the territory hereinafter described; and

WHEREAS, this Council has received evidence showing that, and finds that, a written description of the proposal to annex said territory to the City of San Jose was filed with the Secretary of the Boundary Commission of Santa Clara County, California, on March 26, 1957, and that said Boundary Commission has prepared or caused to be prepared, a report to the proponents of said annexation upon said annexation proposal, all as required by law, and that said Boundary Commission has approved the boundaries of said proposed annexation; and has received evidence showing, and finds that the above mentioned petition was not circulated, signed or filed with this Council until after said Commission had made, or caused to be made, said report and had approved said boundaries; and

WHEREAS, this Council further has received evidence showing, and finds:

(1) That said territory is situate immediately adjacent to and touches and is contiguous to the boundaries of the City of San Jose; and

(2) That less than twelve registered voters resided within said territory at the time the above mentioned petition was filed with this Council, and that said territory is therefore uninhabited; and

(3) That said petition is signed by owners of not less than one-fourth of the land in said territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, in which said County such territory is situated; NOW, THEREFORE:

1. NOTICE IS HEREBY GIVEN, that pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, requesting annexation of the hereinafter described territory to said City of San Jose as uninhabited territory pursuant to the provision of the Annexation of Uninhabited Territory Act of 1939 of the State of California, was filed with the Council of the City of San Jose on April 8, 1957;

2. NOTICE IS HEREBY GIVEN that Monday, May 20, 1957, at the hour of 8:00 o'clock P.M., of said day, in the Council Chambers of the Council of the City of San Jose in the City Hall of said City of San Jose, Santa Clara County, California, is the time and place this Council of the City of San Jose will hear protests made by any person owning real property within the territory, hereinafter designated and described, proposed to be annexed to the City of San Jose. At any time before the hour set for hearing objections any owner of property within the territory proposed to be annexed to the City of San Jose may file written protest against the annexation. Said written protest shall state the name of the owner of the property affected and the description and area of the said property in general terms. At the time set for hearing protests, or to which the hearing may be continued, said Council shall hear and pass upon all protests so made.

3. The City Clerk of the City of San Jose is hereby directed to cause a copy of this resolution to be published in the Willow Glen Resident, a newspaper of general circulation in the City of San Jose, and in the Campbell Press, a newspaper of general circulation published outside the City of San Jose but within the County of Santa Clara, California, in the manner and time and as required by law, and to cause written notice of the proposed annexation to be mailed to all persons or bodies to whom such notice is required to be mailed by law, in the manner and within the time required by law.

4. The territory proposed to be annexed to the City of San Jose and hereinafter described is hereby designated Monterey Park No. 11A.

Many Farmers May Now Get Social Security Benefits

Campbell area farmers have just completed their second year of social securiy coverage and many may be entitled to benefits, according to John J. Cassidy, manager of the San Jose disrict social security office.

Social security benefits are not payable until application has been filed, Cassidy said and he urged all farmers over 65 who feel they may be entitled, to get in touch with his office before next Tuesday, April 30. To delay until after April may mean loss of benefits. Interested individuals may contact the social security office at 196 San Augustine St. in San Jose.

Cassidy said that generally any farm operator over age 72 may be considered eligible, and retired farmers between ages 65 and 72 may also be entitled to benefits. Others between 65 and 72 who are not retired may be due some benefits, depending on the amount of their earnings in 1956. A farmer under age 7[illegible] who earned less than $1840 will usually be eligible for at least one benefit check.

Documents necessary to support an application for benefits include the farmers complete federal income tax returns for 1955 and 1956, cancelled checks or other receipts to show these taxes were paid, and proof of age. Acceptable evidence of age for those whose births were not recorded include baptism records, family bible, school records, marriage record which shows the person's age, life insurance policy, a child's birth certificate showing the parent's age at the time of the child's birth, and lodge, labor union or hospital records.

Health Officials Study Household Sewage Problems

The problem of individual household sewage disposal is under study here by the United States Public Health Service.

The 90-day study is part of a three year nation wide septic tank research project being conducted in various parts of the nation. Similar conditions are being studied in St. Louis, Nashville, Louisville, Knoxville and Los Angeles.

Richard Thomas, soil scientist, and Melvin Harlan, engineering aid, make up the Public Health Service team which is studying County Health Department Sanitation records prior to doing field work in selected areas.

El Quito Park, San Tomas, Loree Estates and Garden City are test areas in which house to house surveys will be made. The principal aim of the surveys will be to uncover reasons why deep sump variety of septic tank systems work or why they don't work.

Much of the information can only be gotten from the house owner and through soil testing which will start only after receiving permission to do so. Thomas said, "Santa Clara County was chosen as a study area because of the variety of soil conditions found here and the good records of the County Health Department which enable us to move right in and find the deep sump septic tank systems we would like to study."

There are three parts to the Santa Clara County study:

1. A search of Health Department records since 1957 to find out the total number of the deep sump variety of septic tank systems installed.
2. On-the-spot survey to find out whether or not the systems are performing satisfactorily.
3. Soil studies at selected sites throughout the western part of the County to correlate system failures with the kind of soil.

The Federal Housing Administration requested the study for mortgage insurance purposes but the findings will have importance to all suburban home owners.

SALESMEN'S DELIGHT

About 43 per cent of the cars owned in America are from five to nine years old, says the California State Automobile Association.

ON CAPITOL HILL

I'm told that "Letters to the Editor" is the best read column in any news paper and it occurred to me that "Letters to your Congressman" might be equally popular. This week I am guoting parts of a letter from a constituent which I found to be most thought provoking....

"You know, I just read a very interesting and enlightened article which stirred my imagination into working overtime. I find a representative is given a flat sum of $17,500 for hiring assistants, which on the surface doesn't seem to be sufficient as far as I'm concerned, and a Senator rates a little more. So all in all he ends up with three or four assistants at the most...

"A few years ago some Senator had the Budget Bureau make a survey of the volume of work handled by his office. Believe it or not, Charlie, they found that judging by the work output **expected** from a clerk in in a government department would entitle that Senator to 237 clerical assistants. Seems to me we should expect more from the clerks in the departments and perhaps increase the allowance to a member of Congress but not to the tune of 237 clerks.

"Again stirring up the thought process one begins to wonder how much would be saved in dollars throughout government departments if these departments were cut to 37 clerks for example. Certainly if a Senator can get by with no more than 10 assistants (assuming the same **expected** work output) a governmental department should easily loaf through their jobs with 37 people.

"Now for the climax to this thought provoking article. 200 clerks less in a government department requiring 237 clerks producing the same work load a Congressman's or Senator's clerks produce would save us poor taxpayers quite a lot of money. Carrying this further we come to the matter of taxes. For the life of me I cannot understand why we cannot lower taxes. There is still a considerable amount of the Hoover Commission report to adopt which would save dollars. There are still those that are adopted and have not been put into effect mainly because of passive resistance on the part of... (holdovers)... still in key positions. There are still too many dollars taken from us and redistributed back in lesser amounts after governmental administrational costs are deducted.

it's mighty nice to save twice

Rotary Gets Low-Down on Radar Speed Checks

Robert Mason, head of Santa Clara County Communications Department, outlined methods of radar speed checks being used by police when he spoke to the Rotary Club Monday.

Speaking on "Law Enforcement by Radar", Mason said the county's high traffic death rate, higher horsepower engines and over-crowded highways have compelled police to use radar to check speeding motorists.

In one method, Mason said, the parked radar control car flashes a call to his partner down the road to stop the speeder, other radar setups consist of one-man checks and chase.

Mason dashed the hopes of motorists hoping to evade the speed checks by painting their cars with paint advertised as anti-radar; he said it doesn't work.

Dr. Wayne Hopp was in charge of the day's program.

RODEO SWEETHEART

A Santa Clara Valley girl, who has spent all of her life working with horses and cattle, has the distinction of being the first outdoor girl to enter the annual "Sweetheart" contest of the California Rodeo, July 11 to 14. She is 17-year-old Joey Upton who has entered the contest as "Miss Morgan Hill", under sponsorship of the Morgan Hill-Madrone Chamber of Commerce.

WATER SAFETY COURSE

A Red Cross 15-hour training course for water safety instructors will be held at the Swim Center in Sunnyvale during the last week in May. Advance applications are necessary to facilitate planning by the chapter, sponsors. The course is open to anyone 18 years and older who holds a current Red Cross senior life saving certificate, according to Dr. Charles Walker, chairman of the committee.

Burglary Prevention Week

Police Officials List 10 Rules to Follow to Cut Down on Burglaries

The week of May 5-11 is being observed as Burglary Prevention Week in California with police departments throughout the state cooperating in this civilian education program.

According to police officials, experienced burglars know when to invade a house.

Last year, there was a burglary about every 1-1/8 minutes in this country. But many can be prevented by following the smple precautions suggested by police departments when leaving for several days or longer.

1. Do leave a lamp or two connected to an inexpensive automatic timer to turn lights on and off regularly each evening. This makes the home 'lived-in' and is your best protective measure.

2. Do cancel all deliveries including milk, newspapers, etc. Have the post office or a neighbor hold your mail until you return.

3. Do close and lock all windows and doors, including basement, porch and garage. Use pin tumbler cylinder locks on all exterior doors. Invented by Linus Yale, Jr., almost a century ago. they are still the most secure key operated locking device ever devised.

4. Do have your lawn mowed and sidewalk swept by a neighbor at least once a week.

5. Do tell one neighbor you are leaving. Have them check your house periodically and notify the police if they see anyone prowling around.

6. Do notify your local police officials as to the date you are leaving and when you will return.

7. Don't close blinds or draw shades. leave them as you normally do when you are home.

8. Don't leave valuables laying around the house. Place them in a safety deposit box.

9. Don't tell friends, neighbors, or work associates of the valuable possessions you have around the house.

10. Don't notify the local newspapers that you plan to go on vacation. Thieves are quick to take advantage of this information. It is better to tell them when you return. It is still news.

Twenty-two presidents of the United States listed their occupations as "lawyer", and one as "planter lawyer".

Teacher Speaks On World Travels

Mrs. Charles Peterson, seventh grade teacher at Campbell Grammar School, was guest speaker at the Bertha Rice Forum which celebrated its first anniversary last Saturday with a luncheon and program at the Hotel De Anza. She is the former Jeanette Collins and a niece of Mrs. Bertha Rice.

Mrs. Peterson, who has traveled extensively during her summer vacations, spoke on countries she has visited and illustrated her travalogue with colored slides. One tour she spoke of was a bicycle tour of eight European countries in the company of other educators and professional people. Another, of the year she and her younger brother made a trip to Africa. She has also toured the United States, Canada, and the Hawaiian Islands.

In keeping with the season, an Easter decor of white lilac and greenery was arranged by Mrs. Gustav Guilmert and guests were given poetic souvenirs of the occasion.

Nancy Gault Weds Roger Schaefle In Reno Ceremony

Mr. and Mrs. Edwin C. Gault of 480 Wendell Drive, announce the New Year's Day marriage of their daughter, Nancy Judith, to Roger Schaefle, son of Mr. and Mrs. Ralph E. Schaefle of 16 Carlyn Ave., Campbell. The wedding ceremony was performed in the First Methodist Church of Reno, Nevada.

Both young people are graduates of Campbell High School and are now attending San Jose State College where Nancy is a freshman Physical Education major and Roger is a senior majoring in Industrial Arts.

At the present time the newlyweds are making their home with the groom's parents on Carlyn Ave.

Since the announcement of their marriage, the bride has been feted with two wedding showers, one given by her classmates in the Physical Education department and another given by Miss Mary Friedman at her home, 1066 Thornton Way.

PTA's Endorse Fund Campaign

PTA groups in Campbell, San Jose. Santa Clara and Cupertino have endorsed a fund raising campaign for the City of Hope to be held Monday, May 13, from 7 to 9 p.m. The total goal is $20,000, approximately the cost of treatment and hospitalization given during the past year to local patients at the hospital.

Mrs. Roy Phillips of 1567 De Anza Way, a member of Dover PTA, will serve as Campbell chairman for the mothers' "March of Hope".

City of Hope is a free national non-sectarian medical and research center, located at Duarte, California, dedicated to protection of people who cannot afford costs of long-term illness such as leukemia, cancer, tuberculosis and certain heart ailments.

Further information may be obtained at City of Hope headquarters, 225 First St., San Jose.

Drama Department to Mark SJS Centennial

Two dramatic productions have been scheduled by the Speech and Drama Department of the San Jose State College for the first week of May in celebration of the Centennial of the college. "Green Grow the Lilacs" a colorful, tuneful, lively play of the early west will be presented for adult audiences from May 3 through 11 in the Main College Theatre nightly at 8:15.

"Aladdin and His Wonderful Lamp" will be presented in the Studio Theatre of the college at 10:30 a.m. and 2:00 p.m. on May 4 and 11 and 4:00 p.m. on May 9 and 10. These productions are designed for children aged five through 12 years.

Country Woman's Club to View Spring Fashions at Luncheon

One of the biggest affairs of the year for the Country Woman's Club will be the combined Spring Fashion Show-Luncheon and Card Party slated to begin at 12:30 p.m. Monday, April 29, in the clubhouse.

Strolling models will display spring and summer casual, sport, and afternoon apparel from Rachel's while luncheon is being served, and comment on the outstanding details of each new fashion. Displaying the latest styles will be Mesdames Howard Keech, W. R. Morgan, Oliver Jensen, George Leigh, Dale Hanson, and Richard Morton.

After lunch, tables will be arranged for playing cards. There will be table prizes and door prizes.

Reservations may be made by calling Mrs. J. T. Thompson, FR 8-7598.

General chairman of the affair is Mrs. L. M. Dodd. She will be assisted by sub-committee chairmen:

Mesdames Richard Morton, models, program and publicity; Dave Sanders, piano accompanist for models; J. T. Thompson, tickets and co-ordination; Wyland R. Morgan, tables and covers; Howard Keech, decorations.

Mesdames L. W. Critchlow, Walter Elkey, M. E. Carson, J. B. Herndon and C. W. Shockley, table settings and serving; B. T. Morgan, Raymond Davis, Lloyd Brown, F. J. Bosch, luncheon.

It Is Pretty Frustrating

The response by the citizens of this community to the recent joint presentation of Councilman Richard Morton and The Campbell Press on the needs of Campbell has been negligible.

It is utterly fantastic that so few people apparently are interested in the future welfare of their community.

It is disappointing to those of us who attempted to describe the situation that exists and to explain what could be done about making Campbell a better place in which to live and work.

A great deal of effort. time and study went into the series of articles on the subject of needed city improvements and how they could be obtained.

It is a frustrating experience not only for The Press but also for the city councilmen, who are attempting to govern the city to the best of their ability. They want to do what the people want done, but when the people were given an opportunity to make their desires known simply by cutting out a ballot from this paper, so few of them availed themselves of the opportunity that, by no stretch of the imagination could the sentiment of the people be determined by the response.

Never before has the extreme selfishness of the people of this community been so wantonly displaeyd.

Even those citizens with axes to grind, who, during the year, appeared before the City Council with their appeals failed to snip the ballot.

Only one conclusion can be drawn. The majority of people in this community are only concerned when their immediate neighborhood is directly affected.

They fail to see that it is impossible to isolate one section from another in the City of Campbell. We are all in this thing together.

During the past year almost every section of the town was represented before the Council at one time or another. But each group apparently was solely interested in its own back or front yard and nothing else mattered.

We think that Campbell has a tremendous future. But it will take the cooperation of many to gain the ultimate objectives. Without this cooperation it is conceivable that Campbell could wither on the vine.

Of course, if this "withering" is what the people want, then that is another story. We are wasting our breath to change them.

But despite the conclusive evidence as reflected by the lack of response to our appeal, we hope that the people will assert themselves.

It doesn't seem right, somehow, that they should allow this terrific apathy, this lack of interest, this inertia, to gain a foothold to the detriment of all.

How the County Tax Dollar Breaks Down

It is difficult for the harassed taxpayer in Santa Clara County in face of the amount he must shell out semi-annually for property taxes to analyze impartially the tax breakdown to see just how and where his dough is going.

The taxpayer is prone to throw his hands up in horror and condemn ALL tax-supported activities in one fell swoop, paying little heed to how his tax dollar is being divvied up.

Now that a month has passed since the second installment of taxes have been due and payable, perhaps the taxpayer will be more apt to view the situation a little more fairly.

To begin with we feel that the poor little City of Campbell often is blamed unfairly for the continued rise in taxes. We think the City has been condemned and found guilty on many occasions without a trial so to speak.

Actually the City of Campbell has been getting approximately only 10 percent of your tax dollar. But we venture to say that it has been receiving about 90 percent of the blame for the increased taxes.

If a taxpayer within the city limits will compare his taxes with one who lives in county territory, he will note another point that is worthy of mention: In most cases, a Campbell City dweller is paying only 40 cents more than one who lives outside the city in county territory.

It is our considered opinion, based on this comparison, that a resident of Campbell is getting a terrific bargain.

We have before us two tax statements, one for a City of Campbell taxpayer and one for a county taxpayer. We find that there is only a 15 cent difference between the two. The taxpayers happen to be in different school districts (Cambrian in one case, Campbell in the other). The Cambrian school tax (including high school) is $3.657, while the Campbell tax is $3.413. In both cases the county general tax is the same, $1.761.

Our point then is for all of us taxpayers to be fair about our condemnations.

Before we make the City of Campbell the whipping boy. let's first be sure of our facts.

At the present time, figures prove that our city is doing a pretty fair job on pretty slim pickings from the overall tax dollar.

Over the Years

By John D. Blaine

On April 6, 1927, voters of Campbell Union High School District defeated a proposed bond issue of $250,000 with 310 yes to 566 no. To carry required two to one favorable.

This landslide victory for the opposition resulted from (1) militant work against on the part of an organized taxpayers' group, (2) sentimental attachment of the school's friends to the old location, and (3) weak leadership on the part of the board and the administration.

The High School Union was born in 1900 and J. Fred Smith, the first principal and a strong man, had suddenly died in 1912. The board had made the easy mistake of twice selecting a principal from the faculty. The principal in charge in 1927 was a fine man with no fight in him.

Precisely sporting joy in hearty battle was needed.

A stalemate resulted for about 10 years. The small old building on the site since dramatized by the famed Roosevelt tree had overflowed long since. The Annex bought from the grammar school had overflowed also. Students were almost perched on the roofs.

Politics Big Deal

Then suddenly to the rescue came the Big Deal. A group of Campbell business men with political smart low cunning conspired to give control of the board to strong men of the organized taxpayers' opposition and let them convince themselves that a new school building was needed.

The plan worked. Near the end of 1940 a new school was completed as we now see facing Campbell Avenue, an architectural show piece, for all to admire and to boost the reputation of Campbell as an educational center.

In the meanwhile I had been boiling with desire to get into this fight. Now was the time to get control of the board back into the hands of friends of Campbell. In 1941 I put myself up and with the help of friends and lucky breaks defeated the president of the board by a scant eight votes.

Lucy breaks continued, with some good changes in the board and the administration. When growth of the school called for more classrooms, equipment, and playgrounds the board asked bonds of $950,000. These bonds won seven to one at the voting place at the high school and nine to one at the voting places outside.

Slips Off Board

After 12 years on the board I slipped off with never a news item about it. I left a smooth running board that has never been defeated in a major issue. I think it might be the best high school board in this county.

Now our city fathers face the issue of bonds for needed city improvements. As I look back over the years I recall that the high school was frustrated in its bond issue for 10 years. With sporting joy in hearty battle the bonds could have been obtained, so I believe, in one year.

Robert Louis Stevenson wrote, "For to miss the joy is to miss all. In the joy of the actors lies the sense of any action." American psychologist William James quoted Stevenson in his "Talks to Teachers and Students". James Teachers and Students." James called "To miss the joy is to miss all" among the best things in all Stevenson.

And over the years I have found that the way to be sure of the joy is to make the overcoming of obstacles a sport.

Our city is new. Our city fathers are new at their job. All the citizens of this town are new to its incorporation. In looking back over the years I recall that it used to be standard American advice to "play the game."

That reminds me of an incident of long ago when a Campbell high school boy had been laid up with physical injuries three times in one season. Laid up with broken ribs he responded to his mother's worried protests with the growl, "If you try to stop my football I'll leave home. Nobody is going to see me being a sissy!"

There was joy in hearty action for us. And the same attitude can be applied to things far more worthwhile than football.

OUT on the LIMB
with
George Vierhus

We are quite pleased that this column, for some unknown reason, has developed considerable reader interest. We hasten to add that in many cases the readers don't always agree with what is in it but it is good to know nevertheless that the stuff that appears here is being read. We find that our readers are not in Campbell alone.

We received a long letter recently from U.S. Representative Charlie Gubser who mentioned that an item that appeared in this column last month was a trifle misleading. We assume it was only because Charlie is (1) a gentleman and (2) a politician (not necessarily in that order) that he refrained from saying we were all wet in our viewpoint.

—o—

The exchange with our congressman had to do with the recent appointment of Mrs. Ellis Litynsky as acting postmaster. We allowed that Mrs. Litynsky would make an excellent postmaster but we suggested out loud that the "local advisory committee" should have made public their recommendation to Gubser rather than springing it as a surprise.

Gubser defended his advisory committee's action in his letter to us. He told us that the committee was restricted by orders from the post office department insofar as publicity regarding their choice was concerned. Then he added this clincher:

"In my initial letter to the group I specifically requested that they do not make their recommendation known."

So there.

Thus we had no business criticizing the advisory committee and we extend a belated apology for that transgression on our part. Charlie's instructions to his committee were based on a directive from the post office department. Because it is necescary to investigate all persons recommended for acting postmasterships, the post office department asked not to make the recommendation public until the investigation was completed.

According to the directive received by Gubser, this policy was instituted by the postmaster general for "your protection as well as the protection of the postal service."

We appreciate Charlie calling us to task, although we are not sure that the postal officials right. We think in many cases keeping these matters secret can be carried too far.

—o—

We became the fair-haired boy last week around the post office because of our editorial, "Postal Employees Take the Beating". We maintained that it was not fair to underpay the postal employees in order to keep the post office deficit from climbing. We also argued that sooner or later it must be decided whether the postal department is a service or a business.

—o—

We had a big story last week on the work that the local firemen are doing in restoring the Model T Ford (vintage 1912) fire engine.

Fire Chief Jack Scott complimented us on the story but claimed that we made him much older than he really is. We said that he was a member of the first volunteer group that was formed in 1913.

Jack pointed out that he was attending Campbell High School that year and, although he was interested in the fire department and local fires as every kid is, he was too young to join the volunteers.

We beg your pardon, Jack, for adding those extra years.

—o—

But we are happy to note that we are not the only ones who get confused, take the Navy for example.

We are holding proof that the Navy thinks their Great Lakes Training Center has been moved to the Pacific.

This sorta worries us. After all there are some navigation problems involved peculiar to the Great Lakes that are not applicable to the Pacific Ocean. And vice versa.

We received a news release last week from the Great Lakes Training Center, Great Lakes, Ill. which informed us that Virgil R. Mason, son of Mr. and Mrs. Vic F. Mason, 481 N. Milton Ave., Campbell had graduated from recruit training after nine weeks of Boot Camp at the Great Lakes base.

It just so happens that Virgil, who used to work at The Press, was home on two weeks leave before reporting to his new assignment in Oklahoma. His Boot Camp took place in San Diego and **NOT** the Great Lakes.

It would be interesting to learn how the Navy got him clear to Illinois, a sort of crazy, mixed-up bit of navigation by the USS MIMEOGRAPH, wouldn't you say?

—o—

In last week's column we mentioned that there were six attorneys at a recent City Council meeting, making it possible to get almost any legal question answered. The only trouble was, we surmised that with six attorneys, chances are there would have been six different answers.

We have nothing against attorneys. In fact some of our best friends are members of the legal trade. We might add also that one of our most severe critics is an old college chum of ours, Sparky Avakian, who is now rated as one of Bay Area's top notch tax attorneys.

We knew Sparky wouldn't let this pass. And he didn't.

We received the clipping of the paragraph from the column in the mail from him with the following note: "Wrong again! It's a dull lawyer who can't think of at least two answers to each question, so make a total of 12 different answers."

The defense rests.

HERE'S YOUR MORNING MAIL

Yes—in a sense these hundreds of letters are addressed to *you,* and they bring a significant, two-part message to *everyone* in this area!

First, by bringing orders for the products of Kaiser Aluminum & Chemical Corporation, each letter says in effect, "Here is a compliment to you and your community . . . to the people whose manpower, materials and cooperation give us a dependable source for vital civilian and defense products."

And second, because "your morning mail" comes from all over the nation, it assures a dependable flow of *new dollars* into this area. Through local payrolls and local purchases, these dollars are helping this community prosper and grow.

Two Hour Drive In County Nets $16,000 for Cancer

Reports from the two hour residential crusade held on April 16 throughout Santa Clara County put the American Cancer Society over the $16,000 mark in its drive for $66,565, Douglas B. Guy has reported.

"If response to the mail appeal that went out the same time is as good as early returns promise it will be, Santa Clara County should reach the goal," Guy said.

Local unit officials joined Guy today in urging persons missed in its door-to-door drive to "join the fight against cancer with a checkup and a check—a checkup with your doctor for every member of your family and a check to insure the American Cancer Society's program of research, education and service will go on."

Mrs. Arthur Gomes, residential chairman for Campbell, reported that $101.35 was collected locally.

Men's Club Makes Plans for Fiesta

Cambrian District Men's Club met last week to make plans for its annual Fiesta-Carnival scheduled for May 26 at Cambrian School. Co-chairmen of the event are Jim Biles and Vern Weltz.

Men who volunteered to work in the booths are Ralph Button, Cliff Lippert, Clair Johnson, Bill Knight, Doc Moreland, Bud Decker, Sergeant Bignell, John Summers, Fred Ambler, and Jim Hash.

Children of the district will sell tickets again this year beginning May 10. The committee states there will be cash prizes for the three children selling the most tickets. Prizes will be $25, $15, and $10.

There will be several drawings during the Fiesta-Carnival for valuable outdoor furniture.

VFW Officers to Be Installed at Mass Meeting

Four Veterans of Foreign Wars posts and auxiliaries in Santa Clara County will hold a mass installation of officers at the S.E.S. Hall in Santa Clara Saturday night, April 27 at 8 p.m.

Ralph K. Jones, past 12th District Commander, will install officers of the posts with the team from the San Jose Nisei Memorial Post.

Officers to be installed are: Vic Handerkin Post 3045, Los Gatos, Kenneth Merritt, commander; Mrs. Kenneth Merritt, president. Virgil Picchetti Post 9803, Cupertino, Charles Galiasso, commander; Mrs. Charles Long, president. Lt. Byron C. Lanphear Post 6305, Campbell, William Pinney, commander; Mrs. George Keyes, president. Marvin W. Lawson Post 9793, San Jose, Charles Wallace, commander; Mrs. Loren Nester, president.

Mrs. Loren Disbrow, past 12th district president, will be installing officer for the auxiliaries assisted by Mrs. Bill McCurdy of Campbell and Miss Marie Galiasso of Cupertino.

The installation is open to the public and will be followed by dancing and refreshments.

Services Friday For R. B. Edwards

Final rites for Rutherford B. Edwards, 79, who passed away Tuesday, will be held Friday morning at 10 a.m. in Campbell Memorial Chapel. Masonic services will be in charge of Charity Lodge, F&AM, with the Rev. Corwin Olds officiating. Interment will be in Oak Hill Memorial Cemetery.

Edwards was retired and had made his home at 1176 E. Campbell Ave., for the past ten years. He and his wife were former owner and operators of the well known Wade Doughnut Shop in Oakland before moving to Campbell.

Besides the Campbell Masonic lodge, he was a member of the Campbell Congregational Church, Ahmes Temple of Oakland, and Scottish Rite, also of Oakland.

He leaves his widow, Maud; five children, Kenneth Edwards of Felton, David Edwards of Stockton, Richard Edwards of Campbell, Mrs. Janice Heineman of San Jose, and Oliye Coffee of Cupertino; 18 grandchildren and 3 great-grandchildren. He was the father of the late F. Wade Edwards.

Retired Farmer Succumbs at 91

Services were held Tuesday in San Jose for Paul A. Mazzone, 91, who passed away Friday in a San Jose Hospital. Burial was in Santa Clara Catholic Cemetery.

Mazzone was a retired farmer and had lived in the Campbell area since 1903. He made his home at 570 Columban St., Campbell. He was a native of Italy.

He is survived by three daughters, Mrs. Jessie Barbano and Mrs. Antoinette Lipari, both of Campbell, and Mrs. Mary Caravelli of Redwood City; a son, Nicholas Caputo of San Jose; a brother, Dominic Mazzone of South America; a sister, Mrs. Rose Caporale of Hollister; 10 grandchildren and six great-grandchildren.

Fashion is something barbarous, for it produces innovation without reason and imitation without benefit. — George Santayana

Maude Adamson Claimed by Death

Services will be held Friday at 11 a.m. in Place Funeral Home, Los Gatos for Mrs. Maud Adamson, 74, who passed away Wednesday in Henard's Convalescent Hospital after a brief illness. She was the mother-in-law of Deputy City Clerk Evelyn Adamson.

Mrs. Adamson had made her home since last November with her son and daughter-in-law, Mr. and Mrs. George Adamson of 738 Ricky Court, Campbell, after having lived 37 years in Los Gatos.

Until the past few weeks she had been an active clubwoman and well known in Campbell. She was a member of Royal Neighbors, Grandmother's Club, Women's Relief Corps, American War Mothers, American Legion Auxiliary Post 158, Senior Citizens of Life, Degree of Pocahontas, and the Live Long and Like it Club.

She was a native of England, coming to this country in 1911, and widow of the late Fred Adamson.

Besides her son George, she leaves two daughters, Mrs. Jack Gibson of Los Gatos and Mrs. Byra Kuhns of Campbell; eight grandchildren; and seven brothers and sisters in England.

Interment will be in Los Gatos Cemetery.

San Tomas Cubs to Have Movie Show Saturday

Cub Pack 30 of San Tomas School have scheduled a Cartoon Movie Show for children Saturday afternoon, April 27 at 1 p.m. in the school cafetorium. Adults are also welcome to attend. Small donations will be collected at the door.

The two-hour movie will feaure "Our Gang" comedies, "Woody Woodpecker", Abbott and Costello, Laurel and Hardy, and a short film on performing chimpanzees.

Proceeds will go toward purchase of equipment for the cub pack.

PLANNING ON PLANTING?

GARDENER'S CHECK LIST

By The California Association of Nurserymen

REMINDERS

1. Have some fun! Try some of the 1957 introductions. For instance, some of the new 1957 Fuchsias are exquisite.
2. Dahlia tubers can still be planted.
3. All plants will respond to fertilizer applications made at this time.
4. These warm weather vegetables can be planted now. Cucumbers, squash, beans, corn, tomatoes, peppers and eggplant.
5. If you forgot to plant that shade tree during the winter months, it is still not too late. Your nurseryman probably has shade trees growing in containers which can safely be transplanted now.

New Ornamental Shrubs

Part of the sparkle and zest of gardening stems from the introduction of new plants each year. Nurserymen and hybridizers are continually improving standard species, particularly ornamental shrubs, which are probably planted more often in California than any other type of plant. Home gardeners reap the benefits of hybridizing for with each new introduction gardening becomes more interesting and oftentimes easier.

Very popular and colorful—and becoming more colorful with each new introduction—is the Raphiolepis or Hawthorn. The standard species of this ornamental shrub is the India Hawthorn (Raphiolepis indica). An established variety of the India is the Pink India Hawthorn (R. i. rosea). This was the first Raphiolepis to have pink flowers. Work continued in this shrub family to develop a deeper pink. Success came with the introduction of Coates Crimson (R.i. rubra), four years ago. It grows more compact than the India and with more flowers that open in a deep rose pink or crimson and fade to pink. Coates Crimson grows slowly, is about as wide as tall, and is ideal as a foundation shrub.

Other new Raphiolepis varieties recently introduced are Enchantress, Springtime and Jack Evans. Enchantress is a hardy compact shrub with upright habits and large deep rose-red flowers borne in clusters from late winter through spring. Its foliage is heavy and glossy, luxurious green. It will grow well in full sun or partial shade. Springtime is tall, upright and fast-growing. It has large flower clusters of bright pink, glossy evergreen foliage and it blooms from late winter to spring. Jack Evans foliage has rounder leaves than the other Indica hybrids. Its flowers are soft rose pink.

There are three new faces in the Camellia family this season. They are Masterpiece, Sweet and Low, and Mahogany Glow. Masterpiece has large magnolia-like leaves, and five-inch white blooms. Sweet and Low is a trailing plant with many glowing, single pink blooms flowing down the cascading branches. Mahogany Glow has gorgeous dark red, semi-double blooms; and its foliage is mahogany red.

Manzanitas, too, can boast new introductions. There are eight new varieties of this California native, including low, spreading shrubs of two feet in height, a creeping mat and a shrub six feet tall. Manzanitas are evergreen with crooked branches and attractive smooth reddish bark. The foliage of these new varieties varies from dark to light glossy green. Rose, pink or white flowers are borne on all of them and the creeping mat has a heavy fall crop of red berries.

The Wild Lilac or Ceanothus, another California native, has several new varieties, all evergreen with blue flowers. They vary in size from creeping shrubs to small trees, and are easy to care for, because they are drought resistant once established.

Although the Bougainvillea usually grows as a vine, a new variety of it — Temple Fire or Red Bush Boungainvillea—grows bush-like, compact and uniform. This can also be used as a hedge. The flower bracts are deep red and continually produced during warm weather.

Lantana callowiana Goldrush was just recently introduced to the gardening world. It is a trailing yellow shrub, an entirely new species, with bright yellow flowers most of the year and forest green foliage.

If you are in the mood for a change in your garden, consider one or several of these new ornamental shrubs. Your nurseryman will be able to tell you which will do best in your locale.

Hibiscus

Brilliant flower colors and vigorous habit of growth make the Hibiscus a fine plant for most areas of California.

Hibiscus are divided into two species—tropical evergreen and hardy perennial. The evergreen, H. rosa-sinensis, called Chinese Hibiscus or Rose of China, needs winter warmth and humidity and therefore does best along the coast of central and southern California. It has attractive dark green, glossy foliage and single or double blooms in a range of colors from yellow to amber, and white to shell pink, rose and vermillion. The Chinese Hibiscus grows to eight or 10 feet and is most effective in single or group plantings by itself or against evergreens that don't offer too much competition in color. It can be successfully and attractively grown in containers too. Plant this Hibiscus species in full sun, water regularly and mulch with leaf mold during the summer.

Rose of Sharon (H. syriacus) is a hardy perennial that does well in all areas of the state. It will grow five to twelve feet tall with single or double flowers in the same color range as the evergreen Hibiscus, including bluish shades. In winter, the Rose of Sharon dies to the ground and comes back in spring to bloom from midsummer to frost.

Plant the perennial Hibiscus in sun and keep it moist at all times. It will grow best in a hot location—against a wall or in a warm corner, instructs the California Association of Nurserymen.

There are many name varieties of both the evergreen and perennial hibiscus species. Brilliant (red), Crown of Bohemia (gold with tones of copper and orange), and Kate Sessions (amber-pink) are well known evergreen Hibiscus varieties; Confederate Rose (red) is a popular perennial Hibiscus.

Asters and Zinnias

Long-established favorites for summer gardens and for cutting, Asters and Zinnias are available now in many new varieties and types to liven up your garden setting.

The Aster (Callistephus Chinensis), often called China Aster, grows in practically every hue but yellow. There are many types, such as American Beauty with peony-like flowers; Single Rainbow with single daisy type flowers; Powderpuffs Mixed, in shades of blue, pink and red, and Crego Mixed with full, feathery flowers in many colors, all immune to disease.

In caring for the Aster, control your watering, says the California Association of Nurserymen, and rotate the planting location from year to year.

"DESIGN IN AMERICA"

The San Jose State College Art Department in cooperation with the Industrial Arts and Home Economics Departments is sponsoring a series of four lectures on "Design in America" to be given at 4:30 p.m., today, April 25, May 9, May 16, and May 23 in Room 1 in the Art Wing. The lectures will be open to the public without charge.

Fashion is a word which knaves and fools may use to excuse their knavery and folly.
—Churchill

Zinnias are excellent hot-weather annuals with flowers from one to six inches across in every color but blue, in sprawling to upright growth habit. Zinnias too are available in many types, including dwarf forms—Baby, Pompon and Liliput. Some attractive giants are Cactus Flowered Mixed, a comparatively new class with huge blooms and a complete color range and Dahlia Flowered Mixed, dahlia-like flowers with unusual keeping qualities. Another Zinnia class is the unusual Peppermint Stick, which offers blooms striped or mottled in various color combinations.

Zinnias should be planted in full sun in any enriched soil.

Motorists Should Keep Highways Free from Litter

Keeping California's highways clear of litter is the legal responsibility of every driver and passenger of every automobile using our highways says the California Highway Patrol.

"The law prohibits the throwing of cans, bottles, papers, garbage and other refuse on our highways," declared Patrol Commissioner B. R. Caldwell. "This restriction against litterbugs makes it illegal to scatter trash anywhere along the right-of-way of a public highway.

The Patrol is continuing positive enforcement action against violators of this law," Caldwell stated. "Our highways can be kept clean and more beautiful if motorists will exercise their responsibility by keeping litter in their cars until it can be disposed of properly.

A trash bag or other receptacle in the car will help."

The basic issue, blunt and unvarnished, is peace or perish. But mankind and our civilization will not perish. Of that I feel confident. —Ralph J. Bunche.

LECTURES FOR LAWYERS

Lawyers from Santa Clara County will meet at Santa Clara University this Friday and Saturday, April 26 and 27, for a program of five lectures on "Creditors' Remedies and Bankruptcy" presented here by the State Bar of California and University of California Extension.

The two-day program will feature lectures by outstanding attorneys dealing with legal process.

Seals—Seattle

The San Francisco Seals and the Seattle Rainiers split their series even 3 and 3. The first two games were rained out, but they made one up with a double-header on Friday. The first game the Seals won 6-1. Keough and Pearson led the drive with 2-for 4 and 4-for 5

Line Score:

	1	2	3	4	5	6	7	8	9	R	H
Seattle	0	0	0	0	1	0	0	0	0	1	8
S. F.	0	0	0	0	3	2	0	1		6	15

The winning pitcher was Dorish who has a 2 and 0 record. The loser was Munger. He has a 1 and 1 record.

Friday's double-header was split. The Seals had 2 runs and 8 hits. Seattle had 1 run on six hits. Our Duane Pillette's second game against no defeats. 2nd game—Seattle won the second game 6 to 4. Seattle had 10 hits and the Seals 9. Winning pitcher was Black who has 1 for 0. Loser, Smith with 0 for 2.

New York—Boston (13 innings)

The Yankees had Don Larsen start but he was taken out for Bob Turley, then Art Ditmar, then the winner Bobby Shantz. The Yankees won 10 to 7 on Gil McDougall's single hit through the pitchers box in the ninth and drove in the tieing run. Hank Bauer hit a home run in the 12th inning to win the game.

Detroit Breaks Losing Streak

The Detroit Tigers beat Cleveland 7-0 Saturday. It was the first game they won all season. They found it rough against Kansas City and Cleveland.

Los Banos Marks Three Events at May Day Fete

Historically known for its celebrations, the City of Los Banos on the agriculturally rich West Side of the San Joaquin Valley will have three festive events running, simultaneously next week.

The observance of the Golden Anniversary of the incorporation of the city started today (Thursday, April 25) and will continue in conjunction with the annual "It's May Day In Los Banos" festival and the Merced County Spring Fair at Los Banos from May 1 to 5.

Although the city was founded on its present site in 1890 by Cattle King Henry Miller, who originated the May Day festival at the same time, incorporation did not come until May 8, 1907.

For many years Los Banos had celebrations at the drop of a suggestion, including Arbor Day, Fourth of July, May Day, Labor Day and Columbus Day. Now the community concentrates on the fair and festival, which combined attract more than 100,000 visitors with half of them for the Premier Parade set this year for 10:30 a.m. Sunday, May 5.

FREMONT THIS FRIDAY

Fremont High will be the guests of Campbell High trackmen on the local field on Friday afternoon in another Santa Clara Valley Athletic League tussle. Two more SCVAL contests remain for the Bucs before the SCVAL trials begin at Los Gatos on May 7 and May 10. Los Altos on April 30 and Sunnyvale on May 3 are the two dual meets left for the locals.

Washington High Defeats Campbell In Dual Trackfest by 62-59 Score

By Richard Ferguson

Campbell's cindermen suffered their third defeat in as many starts Tuesday afternoon at the hands of the Washington Huskies 62-59 on the losers' oval. Overconfidence was the actual victor and even a few Bucs left the meet before it was over thinking it was in the bag. Several valuable points which undoubtedly would have made up the losing margin were lost in this manner.

The loss to Washington put Campbell out of the running for any spot in the unofficial league standings.

Although the Bucs took a first place in almost all of the field events Washington gained enough second and third places to stay within reaching distance. The visitors then took over the lead with the winning margin in the discus, high jump and the pole vault.

Monty Nielsen, Campbell's only double winner, took the 100 yard dash in a fast 10.2 seconds and a 23.1 for the 220 top spot. Nino Martinez added five points to the Buc total by winning the 440 in 54 seconds with teammate Leroy States scooting home the winner in the 880 yard run.

Larry Tyrell finished in the front of the pack in the mile run wih a time of 5:04.7. Marin of Washington topped Hill of Campbell in the 140 yard high hurdles but Hill came back to win the 120 high hurdles in 16.4 seconds.

Jerry Shenefiel won the broad jump for the Bucs at 20 feet 6¾ inches. Mike Profit tossed a mild 56 feet 2 inches to cop the top spot in the shot put. Profit was one of the Buc cindermen who went home before the meet was over. Profit's absence gave Washington a one-two placing in the discus which proved to be the winning margin. The winning Washington disc thrower hit 121 feet, six inches and Profit has much better throws to his credit.

Campbell's previously unbeatable relay team went down by the wire for the first time well behind the Huskies who won the relay at 1:36.

Campbell Tennis Team Wins, 6-0

Fighting their way back from three previous defeats the Campbell racketeers walloped the Santa Cruz Cardinals on their home courts 6-0 last Monday afternoon. This was the second victory over the Cardinals for the Buccaneers.

Coach Fred Gugat expressed some surprise in the easy victory after suffering three defeats in succession.

All the matches were singles matches as neither team had a doubles team in attendance.

Art Hill had little trouble subduing Terry O'Neil 6-1, 6-1 with Don Brown racking up an easy 6-0, 6-1 victory over Fred Weaver. Terry Garrison stopped Bill Failing short in two sets 6-1, 6-3 with Bruce Johnson polishing off Frank Reinelt 6-4, 6-2.

Gene Andres and Bill Powell had the most trouble winning their matches both going into an extra set. Andres finally downed Yell Newhall 6-2, 2-6, 6-4, with Powell winning 6-0, 4-6, 7-5.

Bucs Beat Gilroy on Diamond

Three Gilroy pitchers bit the dust before the onsalught Tuesday afternoon as the Campbell Buccaneers rolled to an easy 12-3 victory on their home diamond. Campbell's league record of 2-2 was not affected by the overwhelming triumph.

The Gilroy team looked as if it was going to swamp the Bucs by starting the first inning with two runs on a bean ball, a single and a triple on an error by right fielder Jim Corbus. Corbus, normally a catcher, traded places with right fielder Hector Cordova for the first five innings.

Jim Keech started his first game on the mound with John Beyer starting for the first time in left field. Beyer helped stop the Gilroy rally in the first inning when he snared a pop fly in short left field.

Ben Lujan, Dave LaBarbera, and Don Kitajima went down in one-two-three order for the Bucs in the bottom of the first inning as they faced a left handed pitcher for the first time.

One man reached first as the Buccanners tightened the defense up in the top of the second inning but he failed to even get to second as his followers went down 1-2-3.

Bob Whitewing, up from the frosh-soph team and playing his first game with the varsity in center field, walked to first with two men out and scampered to third on a single over the shortstop's head driving in Whitewing for Campbell's lone tally of the inning.

Gilroy failed to score in the top of the third inning but the Bucs evened the score at two-all on a well placed home run by Dave LaBarbera.

Eleven men came to the plate for the Bucs in the bottom of the third inning as the Bucs found the range and started hitting the ball, driving in six runs before the inning ended. During the big inning Jim Keech drew a walk as the lead-off hitter and scampered to third on a single by John Kriewall. Keech came across the plate with the tie breaking run on a single by Ben Lujan to left field. Then Jim Corbus knocked a 3-1 pitch over the center fielder's head for a double and also counted 3 RBI's as Cordova slid into home plate safe by a hair. Bob Whitewing stole home as pitcher C. Reyes threw a high ball that got away from the catcher to give the Bucs a commanding 8-2 lead.

Jim Keech got to third base via a walk and two high pitches by the Gilroy hurler Reyes.

Attempting to steal home Keech was caught just before he reached the plate to end the rally which netted six runs for the Bucs.

Only three ment lifted a bat for the Gilroy team in the fourth inning.

Campbell started the show all over in the fifth as the entire squad stood before the plate. John Kriewall collected his third single of the game followed by a single by Lee McNabb and a walk for Ben Lujan which loaded the bases with no outs.

Dave LaBarbera added 3 RBI's to his record on a double to deep left field but was thrown out trying to stretch it into a triple. Tony Ochoa walked for the ninth time this season and advanced to second on a single by Bob Casey. Jim Corbus tallied his fourth RBI of the game with his second double of the afternoon driving in Ochoa from second. Two batters went down swinging to end the Buc rally with four runs scored.
